Baltimore Housing and New Psalmist Baptist Church Commit to feeding 100 Families a Month

The image of a hungry person has changed over time. In this economy, many of the people now standing in lines for food assistance are families, seniors and the working poor. To address this growing issue, Baltimore Housing and New Psalmist Baptist Church have joined together to help families in need of support. In their newly created partnership called “Project 100”, Baltimore Housing and New Psalmist Baptist Church are committed to feeding 100 families a month for 5 months!

Families can apply for “Project 100” through Baltimore Housing’s Community Action Centers. The selected families will have an opportunity to partake in financial empowerment and job readiness workshops. Family services will also include emergency services, energy assistance, GED placement and job training. Any interested family should call 410-396-3228 or visit one of the six Community Action Centers.
